GENERATORS
Generators are allowed on campus. All generators must be equipped with a noise reducing device (manufacturer-approved cover or muffler). You should not be able to hear your generator much beyond the proximity of your tailgate site. Try to direct generator exhaust towards an open area like empty parking spaces or drive lane away from your immediate neighbor.

Special care should be taken when managing fuel and extension cords affiliated with generators.

Being a good neighbor is also recognizing and accepting the fact that you are in a University parking lot or park that is converted 6-7 weekends per year into tailgate area. Some people will be using a generator that will produce some noise. Please expect some noise, some BBQ smoke and extra traffic. We ask that you be reasonable in your expectations and tolerant of your neighbors. If we all follow this advice and are good neighbors and good Longhorns then we should be able to coexist and enjoy the tailgating experience together with few issues.

PETS
Pets are not allowed to run freely in the tailgate areas, they must be on a controlled leash. Animals shall not be left unattended or secured to university property.

Pet owners are solely responsible for their pets and any damage or injuries that may occur. Ill-behaved pets or ones deemed dangerous, intimidating or destructive will be evicted and banned from University property.

or pack it out. The disposal of grease, hot coals or hazardous materials onto the grounds or into the storm drains is prohibited. Failure to keep the area clean during your stay or leaving your site unclean when you leave may result in fines and fees related to clean-up in addition to loss of tailgating privileges.

GUEST CONDUCT
The close configuration of tailgate areas requires that our guests be good neighbors and conduct themselves in a manner that provides for the comfort and enjoyment of all.

The person who has reserved the site is responsible for the conduct of their guests. No parking accommodations are made for guests. Guests must purchase a parking space for their vehicle in areas designated for public parking. Refer to the “parking options on university property” and “parking options on state property” for what is offered on game day.

The University of Texas at Austin, UT Athletics, University Police Department and UT Parking & Transportation Services department reserve the right to refuse service and to evict anyone from the tailgating areas at any time—inappropriate behavior will result in the permanent loss of all parking and tailgating privileges.
